

LOW BID SERVICES

Versus

At Low Bid Services, we guarantee the lowest prices. We will meet or beat anyone's quote. We cut corners on licenses, insurance, and the people we hire and pass those savings along to you, The Customer.

EMPLOYEE PHOTOS

Our dispatch program allows us to automatically send you an appointment confirmation with the photo of the employee coming to your home or business. Never mind that he was recently released from prison for his third burglary conviction. Don't you feel more comfortable now that you have his photo?

EMPLOYEE BACKGROUND CHECKS

We background check all employees. Sometimes we just do a driver's license check, or our receptionist searches our county website for convictions. Sometimes we might even check the entire state! When we have a little extra money, (which isn't often, since we work for so cheap), we do a cheap internet search on one of those sites where all the convict has to do is request his name be deleted to show a clear record. Since we don't have a published criteria, and it is not administered by a third party, we will occasionally hire someone really scary when we are in a pinch and really need someone (but hey, we weren't lying when we said we'd "background checked" them)!

We charge a fair price for quality service. We may not be the low bid, but we promise to be the most epic value.

EMPLOYEE PHOTOS

Companies with The Seal of Security and Confidence from AsktheSeal.com initiates an appointment confirmation to you that comes directly from the Background Check Company, which includes a photo and proof of annual background check and compliance with their published criteria.

EMPLOYEE BACKGROUND CHECKS

Our background check provider is AsktheSeal.com. They publish their criteria on their website so there is no guessing about who is coming to your home or business. Only applicants who pass the published criteria get photo ID badges issued by AsktheSeal.com and are eligible for SEAL-MAIL, an appointment confirmation with photo, bio, and proof of annual background check directly from AsktheSeal.com

PHOTO ID'S

Tony picked up a badge printer at a Going-Out-of-Business Sale the other day, so now all our employees have photo ID badges! These badges mean...Well, I guess they mean we have a badge printer now!

PHOTO ID'S

Our employees have photo ID badges issued by AsktheSeal, certifying that they were background check in the last 12 months and that they met the criteria published on their website.

EMPLOYEES

Since this is one of the most expensive parts of running a business, this is where we can really save you the \$\$\$! Most of our employees have been fired from our competitors for incompetence, stealing, or being aggressive with other employees and customers. Since these people can't find jobs with our more reputable competitors, they are willing to work for less and, yep, you guessed it, we can pass those savings right along to you!

EMPLOYEES

We may not be the cheapest guys in town, but we are no doubt the absolute best value. We have professionally trained staff in the office and in the field who are able and willing to help you before and after the sale or repair. We will be here for you in good times and bad. We provide for our families by providing you valuable services and treating you with the same respect as we would treat our own family.

LICENSE AND INSURANCE

We are Licensed and Insured (it says so on my business card and website). In reality, I don't have liability insurance...and I don't provide health insurance or worker's comp. If someone gets hurt, you will most likely get sued for medical bills and lost wages. After all, there is nowhere else for them to go and, well, someone has to pay! Your insurance company *might* help you, unless you have one of those pesky policies that don't cover unlicensed and uninsured work. You look like the lucky type. Come on, roll the dice with us! Think of all the money you'll save! Maybe?!*

LICENSE AND INSURANCE

View our profile on AsktheSeal.com at any time, and you will see our license and insurance information. AsktheSeal is a certificate holder on our insurance so they are notified of any changes or lapses of insurance. They also verify and post our license information.

*I have car insurance and a driver's license.
